### Ladies To Hold Social Evening

Under Auspices of Ladies Conservative Association—Will be Held in Committee Rooms Next Friday

On Friday next, at half-past eight (kindly remember the time and date) the Ladies mentioned just above will hold a social and will prove to you they can give you a splendid time without you spending more than a dime. At this social the ladies will serve ice cream, and cake with a song for Mrs. Duvigne. Songs, recitations, and purchases, at intervals a little dance, together with a few short speeches, they hope to convince wherever they reach, that they are working all for the good of the Province, to come and give them the support of your presence. "Dinner forget" the time and date on Friday next, at half-past eight, at the Conservative committee rooms, corner of Third and South Railway Streets, June 18th.

An invitation is extended to Redlick friends to attend.

### Al. G. Barnes' Circus Coming to Med. Hat

Will Be There on Thursday Afternoon, June 24th

The announcement of Al. G. Barnes' 4 Ring Circus appears in this issue. The coming of this organization is welcome news, as the Al. G. Barnes Circus is one that always presents a clean, wholesome and entertaining program.

This year, according to announcements, the circus has come greatly enlarged, and in addition to the all new spectacle of Pantomime of the Court of Queen Anne with the enormous cast, selected from the 1000 employees, also, other new features, including a horse in one big act, The Fox-Trot Tribe of Arabs from the Sahara Desert—their first visit to America—the Circus Troupe of Chinese Circus Artists, the Imperial Midway Family from Havana, Joe Martin (Husband), the Giant Gorilla Mike Lott, the only performing hippopotamus in the world, and the Famous Exquisite Al. G. Barnes' 400 Dancing Horses and 40 Dancing Girls—and Al. G. Barnes appears in person at each performance.

Owing to the enormous size of the circus this year, the management announces that no street parade will be given in any city visited, however, in place of the omitted parade on the showman's Open Air Free Exhibition will take place on the show grounds at 1:30 and 7:00 P.M., immediately preceding the opening of the doors to the circus and the largest traveling menagerie in the world, comprising over 400 rare animals from all quarters of the earth.

The circus performance starts at the hours of 2:00 and 8:00 P.M. promptly. Ample parking space for autos is reserved on the show grounds, and a city ticket office, where numerous reserved chairs may be obtained at same price charged on the show grounds, is maintained in each city.

In 1921, J. T. Shaw present leader of the Liberal party, said: "In the wake of the party system had followed corruption." A. A. McGillivray, Conservative leader, says, "Can a farmer be any less a farmer because he sits beside lawyer McGillivray instead of beside lawyer Brownlee?" Which of the two leaders do you prefer?

## C.G.I.T. Entertain Mothers to Banquet

Was Held in Gordon Memorial Last Tuesday Evening

The Mother and Daughter League held on Tuesday evening in Gordon Memorial Church under the auspices of the C.G.I.T. proved to be in every respect a most successful event. Eighty-six mothers and daughters gathered around the tables which were delicately laid and beautifully decorated with cut flowers.

Supper over, Miss Beattie Snodden, Senior President of the C.G.I.T. groups took charge of the program. Calling on all to respond to the toast to our King. This was done by singing the National Anthem. "Our honored guests—our mothers," was proposed by Miss Beattie Snodden and responded to by Mrs. E. L. Stone. Miss Ruth Ström and Mrs. E. H. Selhorn were associated with the toast, "Our Sunday School." "Our leaders" were toasted by Miss M. B. Little. In response the Senior leader Mrs. Selhorn paid tribute to the loyalty of the girls and expressed the hope that all were looking forward to qualifying for leadership. Here the C.G.I.T. hymn, "Jesus calls us o'er the tangle," was sung. The Candle Lighting ceremony was as this point done very effectively by six girls. The second part of the program was introduced with group songs and consisted of the following numbers:

Recitation—Frances Buchholz, Eva Pender, Nannie Learmonth, Martin Balmer, Nora Ross.  
Reading—Mrs. Matheson.  
Solo—Gladys Hurlbert.  
Piano solos—Muriel Colford and Margaret Selhorn.

Violin solo—Jean Ströach.  
Group singing closed what every person present agreed was one of the finest evenings of its kind ever held in Gordon Memorial.

The C.G.I.T. groups will not again until summer vacation is over.

## SCHOOL NEWS

High school examinations commenced throughout the province on Wednesday, June 16. Local students found the first two papers, trigonometry and arithmetic, exceptionally easy.

It was estimated that about 90 per cent. of the papers written in the local high school would be passed this year, but unless subsequent papers show something better, it will be considerably higher than formerly estimated.

The grade VIII examinations commenced next Wednesday, June 23.

## FILM STARS SHINE IN NEW PICTURE

"Reckless Lady," Cast Headed by Ben Lyon, Belle Bennett, Lela Wilson. Film fans are expected to be able to find their favorites in the cast of Robert T. Kane's first National picture which is coming to the Cameo theatre on Wednesday next.

"The Reckless Lady" tells the story of a great love between mother and daughter and of the sacrifices of the former to preserve the happiness of the latter. The majority of the scenes are laid in Monte Carlo, the playground of the world. The colorful and spectacular carnival procession with its gayly decorated floats and its hundreds of people in an unbroken variety of costumes, figures prominently in the picture.

Sadie Cowen, who prepared the scenario of Kane's "The New Com manment" and Howard Higgin, who directed it, served in the same capacities in the present picture.

## A.A. McGillivray's Pledge To The Railway Men

### On The 1908 Workmen's Compensation Act, as it Affects The Seven Train Service Organizations.

"In my opinion the railwaymen of the running trades in Alberta have been unjustly discriminated against both by the Liberal government of the past and the government of the day, in that in no other profession have they less receive compensation than other classes of workmen."

"It is true that they have retained their common law rights under the act of 1908 in negligence cases and through their representatives have insisted upon such rights not being interfered with; but surely, in non-negligence cases, where no one is to be blamed, they should be put on exactly the same plane as other workmen receiving exactly the same injury. It is no answer to this to say that they have a common law right in negligence cases which other classes of workmen have acquiesced in the government taking from them."

"In my opinion these two should be kept separate and I repeat, I would increase the scale in non-negligence cases from \$10.00 per week to \$21.42 per cent. without taking from them common law rights until such time as they have evidenced their desire that this be done by a duly recorded vote up the question."

## Redcliff Plays Draw With Hat Indians

Had Best of the Play Half to Locate the Net

Redcliff footballers were at home to the Indians in a Five Rons cup game last Monday evening. The game ended in a tie, each having scored two goals. The score, however, is no indication of the play as none were more surprised than the Indians themselves when the game ended in a tie. Redcliff had by far the best of the play but they could not score, despite the shower of shots and the desire of hot opportunity. Indeed they were fortunate in pulling out with a draw as the Indians scored one of their goals.

Redcliff scored the first goal one minute after play started. Mackell did the trick on a nice pass from Hoover. The houses still kept up the attack but after ten minutes play when all the Redcliff players were in the Indians' goal mouth, Thompson scored the ball and no one to stop him he made a nice rush and scored. The Indians scored the next goal for Redcliff. There was an exciting scrimmage in front of the Indians' goal but the ball was cleared to the side only to be returned again in short order, right on to the feet of one of the Indian backs. In attempting to clear the ball it hit one of his own players and bounced into the net.

After half an hour's play in the second period the Indians equalized. From then until the end of the game Redcliff missed a shower of shots on the goal but always failed to connect. The game ended in a draw.

The Redcliff players the next game here tomorrow (Friday) evening against the C.P.R. in the Five Rons cup. The local line-up will be goal, A. Strickland, W. Willis, Pickering, William Lacey, G. Davis, N. Willis, forwards, A. Dutton, J. Davis, Macpherson, Phillips, and J. Dutton; reserve, H. Henderson.

Redcliff play the Indians in Medicine Hat next Tuesday in the Five Rons cup.

Three Big Shows at Cameo Next Week  
Three New Pictures at the Cameo Theatre Next Week

"I am confident that the provincial Conservative party will go down as far as Lacrosse with a majority over all parties," declared A. A. McGillivray, K.C., leader of the Conservative party in an arrival in Edmonton on Sunday, following his last series of meetings in northern Alberta before the election on June 28. "If the south goes as well, and I am confident that it will, there will be no question of the Conservatives having a working majority in the house."

In keeping with the custom for a number of years past the Bowell U. F.A. and U.F.W.A. will hold their annual Sunday service in the school at Bowell, next Sunday afternoon, at three o'clock.

### Smith Has Successful Meeting at Bowell

Meeting Endorse Government and Mr. Smith's Candidates

W. C. Smith, the U.F.A. candidate in the Bowell constituency, held a very successful meeting at Bowell on last Friday evening. The school house was filled to capacity for the occasion and great interest was shown by all present.

Carl Axelson, of the Bingville district, in the constituency, held a very successful meeting at Bowell on last Friday evening. The school house was filled to capacity for the occasion and great interest was shown by all present.

Mr. Smith pointed out that many of the things being promised by his opponents had already been done by the present government. Among these he referred to the promise of reduction in taxation in the drought areas about which some much was being said, and reminded the audience that already the U.F.A. government had already reduced the taxes in this area about seventy-five per cent. Besides this the present government had increased the educational grants to the school districts in the poorer sections of the province and that these additional grants would now pay almost half the cost of education in these districts. These additional grants, he said, were not merely a promise of what they were going to do, but have already been in effect since last April. He also referred to the big reduction in the cost of government for every department since the present government assumed office.

At the close of the meeting a resolution was unanimously passed, endorsing the U.F.A. government and the candidature of Mr. Smith in that constituency.

## THE OTHER SIDE

UNDER the recent rearrangement of the constituencies in this immediate district, Medicine Hat, Redcliff and Dunmore, are now in one constituency known as Medicine Hat constituency.

In this constituency as now constituted, there are two newspapers, the Medicine Hat News and the Redcliff Review. In the past the Review has remained more or less neutral in its editorial column, leaving the discussion of political issues to the several parties, either by way of our advertising space or by taking advantage of our position for the discussion of public questions.

In this election, however, the only other paper is taking a strong stand in the interests of the Liberal party and its candidates. In its editorial and news items one political question is very one sided and makes statements which are misleading and open to criticism and correction. For this reason the Review for the next two weeks will deal with the political issues from the Conservative standpoint in order that those who read the Review may get both sides of the questions.

## RE-DISTRIBUTION

IN its last Monday's issue the Medicine Hat News says: "Do the voters of the province think that it requires 60 members of the legislature to run our affairs?" The News further says the Liberals are pledged to a re-distribution and a reduction in the number of constituencies.

The News, however, omitted to tell its readers that it was the Liberal party when in power which created these sixty constituencies and that they did so at a time when the population of the province was not as large as it is now. It also failed to tell its readers that although the Liberal party was in power in this province for sixteen years it made no attempt whatever to reduce the number of constituencies.

It was not until A. A. McGillivray, leader of the Conservative party, came out with a definite policy and a definite plan for the re-distribution of the province, reducing the number of members to forty-five, that the Liberal party decided that a reduction was advisable. The Review draws the attention of its readers to the definite plan for this purpose advocated by Mr. McGillivray, and asks that it be contrasted with the vague allusion to re-distribution made by the leader of the Liberal party.

Voters in Medicine Hat constituency will not be fooled by any death bed promises of a party which was in power for sixteen years and which, during that time increased the number of constituencies to the present.

It was not until the Liberal leaders saw that the people were taking Mr. McGillivray seriously and that he had a platform which was appealing to all classes of people who were sincere in their desire for a real business administration at Edmonton, that they decided to adopt plank after plank in Mr. McGillivray's platform and the reduction of constituencies was one of them.

## TOO MANY GOOD FELLOWS

IN canvassing for votes for Mr. Pingle, the Liberal candidate in this constituency, his friends always refer to him as "a good fellow." This appears to be their main reason for asking people to vote for him. They avoid as much as possible referring to him as the Liberal candidate because they know Mr. Pingle was a Liberal member of the legislature at a time when the Liberal government was plunging this province into debt at the rate of about six million dollars a year. The trouble is that during that time there were too many "good fellows" running the affairs of this province. They were such "good fellows" they spent the people's money so carelessly and so freely that when they were retired from office in 1921 they left the country in debt to the tune of fifty-eight million dollars. Surely the public has had enough experience with the "Good Fellow" type of politicians.

J. J. Hendrick, the Conservative candidate in this constituency, is a laboring man, who has had to practice rigid economy in order to balance his own domestic budget. A. A. McGillivray, the leader of the party, has made definite promise that if given the opportunity he will balance the provincial budget in the first year he is in power. Mr. McGillivray needs men like Mr. Hendrick to help him make this possible.

## THE CONSERVATIVE LEADER

THERE has probably never been a political leader of any party in any province in Canada who has created such favorable impression on the general public and who has made as great strides in the same space of time, as has Mr. A. A. McGillivray, the leader of the Conservative party in this province.

When Mr. McGillivray assumed the leadership there was no provincial Conservative organization of any kind. Indeed it was said by other political parties that the Conservatives were allowed up by other parties and were a thing of the past so far as provincial politics were concerned. There was not even a Conservative member in the legislature. There was not a cent of money in the treasury of the party. There were no paid organizers, such as other parties had, and there was no money in sight to employ any.

Despite this unfavorable outlook, Mr. McGillivray said in his first speech after becoming leader, that he would have a Conservative candidate in every constituency in the province. It looked like an almost superhuman task and there were those who were not backward in expressing doubt that it could be done. It has been done and the fact that it has been done is characteristic of the man who said he would do it. This achievement stands out not only as a proof of his character, energy and reliability of Mr. McGillivray, but also as an evidence of the faith the public has in him, when they rallied to his support and, without hope of financial assistance of any kind, made possible the fulfillment of his pledge to the people.

When Mr. McGillivray made good this promise under such unfavorable circumstances, he can be depended upon to make good all his promises to the electors if given the opportunity.

## A WRONG IMPRESSION

IN last Wednesday's Medicine Hat News, an item appears under the following big two column heading: "Tory Senate Throws Out Old Age Pensions." The news article under this heading says Sir Allen Ayles-

worth, Senator J. J. Hughes, and Senator Turfitt, all Liberals, voted against the bill and that Senator Robertson, Conservative supported it. Why, then, does the News say that the Tory Senate threw out the bill? When it is remembered that the Conservatives have a substantial majority in the Senate and when it is a well known fact, that seldom, if ever, are all the Senators present at any one time, it is only reasonable to assume that the percentage of Liberals who opposed the bill would be about as large as the percentage of Conservatives. The heading on this article in the News is just in keeping with everything of a political nature appearing in that paper.

The heading over the article to which reference is made gives an entirely wrong impression, and that is just exactly what it was intended to do.

## Vote Out the Party System!

What caused the organized farmers to enter the political field, and with the consent of the electorate, to take over the reins of government in Alberta five years ago? Principally, the cynical disregard of the needs of Western Canada's greatest industry by party politicians, and the failure of the party government formerly in power to provide clean and efficient administration.

Every other business and industry in Alberta is organized, and uses all the political pressure it can bring to bear to have its wishes passed into law. During the last session of the Alberta Legislature, deputations representing organizations of manufacturers, labor unions, doctors, lawyers, dentists, livestock dealers, etc., put their views before the members of the house. This is right and proper, but why are the farmers denounced for organizing for the purpose of securing representation in the House? The reason is that the U.F.A. interferes with the working of the party system.

Alberta is primarily an agricultural province. Legislative action is required to secure lower freight rates, encourage efficient marketing, build better roads, and generally secure the welfare and prosperity of the farming community.

The party system would not be alive today but for the nucleus of city politicians who revive it at every election. Hundreds of city orators are speaking in every part of Alberta during this election, endeavoring to divide the farmers into opposing groups. The overture made for a business government, with city representatives co-operating with rural members on non-party lines, have been rejected, except by labor.

## Party System Inefficient

The party system has proved inefficient in administration as compared with the co-operative system. Here are some additional comparative figures:

Land Titles Office Costs, 1921, \$241,909, 1925, 166,785; Election Costs, 1921 \$248,000, 1925 \$133,000; Estimated Election Costs, 1926, \$130,000. Reductions in controllable expenditures, 1921 to 1924 inclusive, Alberta 14 per cent, Saskatchewan 12 per cent, Manitoba, 8½ per cent. Increases in all other provinces. Agricultural Education, 1921, 320 students, \$191,000, 1925, 360 students, \$108,000. Many other instances can be given.

The U.F.A. are expending a considerable sum in advertising through the weekly press, the funds for this being contributed by the membership, so that the electors may know the truth. The city newspapers are endeavoring to perpetuate the party system.

A VOTE FOR A U.F.A. CANDIDATE IS A VOTE FOR EFFICIENT AND IMPARTIAL ADMINISTRATION.

Issued by the U.F.A. Publicity Committee, Calgary

## Twelve Reasons For Electing Liberals

1. The Liberal Party stands for a more business-like administration of Alberta affairs. The present government is without business ministers, without business experience and has been without business success. It is a Class Government which is divorced from business entirely.

2. It stands for greater economy in administration. The present government has increased the debt of the province in five years by \$22,000,000, with nothing permanent to show for it. It has been more extravagant than any previous administration, or any other in Canada.

3. It stands for more progressive administration. The present government has nothing to show for its five years of office. It has passed no constructive legislation. It has delayed all the serious problems.

4. It stands for more active development of the unsettled areas. The present government has made no advance since it took office.

5. It stands for better development of agriculture. Capt. Shaw objects to bringing the pools into politics, but his record as a member in Ottawa shows his enthusiasm for co-operative marketing, his vigor for cheaper transportation rates, his insistence on the removal of all the burdens which have been preventing development.

6. It stands for better educational facilities. The present government has been sacrificing education and burdening the department since 1921.

7. It stands for better health organization and encouragement for hospitals. There has been no development in the health department since 1921.

8. It stands for honest and efficient administration. A fair distribution of the expenditure on public works.

9. It stands for honest distribution of the province into ridings.

10. It stands for justice to the returned man in the province.

11. The record of the Liberal party has been one of development and progress. It has to its credit:

1. The settlement of the province.

2. The organization into municipalities.

3. The destruction of railway, lumber and telephone monopolies which threatened its destruction in early days.

4. Farmer legislation such as co-operative elevator act, the farm machinery act, direct legislation.

5. The beginning of labor legislation, which has remained unimproved. This includes the Factory act, the Workmen's Compensation act and other similar legislation.

6. The development of the vast Peace River area.

7. The organization of schools, the creation of the Provincial University, the Institute of Technology and Art and the Farm Schools.

8. Franchise for women and all legislation safeguarding the rights of women.

9. Hospital legislation and all progressive health legislation.

10. Soldier relief legislation.

12. It has at its head a man who has wide experience in legislation, who has at his back outstanding representatives, not of one class alone, but of all classes in the province—farmers, labor men, business men and professional men.

While in town the other day, W. C. Smith, M.L.A., said to the Review that it was the intention of the government to make some extensive improvements in the main roads west of here this summer. A new grade is to be made from Kinross to Alderton and it is the intention to parallel the C.P.R. for this distance provided it can be done as cheaply as on the square. This he thought was possible.

## THE GRAND DUCHESS AND THE WAITER

Picture Version of Noted Stage Success Features Menjou, Nils Victor

"The Grand Duchess and the Waiter," Alfred Savater's celebrated stage success, which Malcolm St. Clair pictured for Paramount, coming to the Cameo theatre next Monday, is one of the most sparkling comedies of the season. The scintillating action of the story, which is laid in Paris, centers around two main characters, brilliantly played by Adolphe Menjou and Irene Vidor.

Mrs. Vidor, the Grand Duchess, is forced by circumstances to flee from her native land and take rooms in a prominent Paris hotel. While attending the theatre one evening, she is seen by Adolphe Menjou, a millionaire philanthropist, who falls desperately in love with her.

Unable to gain an introduction, he takes quarters in the suite of rooms directly below hers at the hotel, hoping to attract her attention. Failing in this, he finally bribes an old servant to let him act as a floor-walker in her suite.

Mrs. Vidor appoints him a member of her personal staff, and proceeds to make life miserable for him by loading him with every unpleasant task, from washing her dog to shining her shoes.

The humorous and exciting events that bring the story to a stirring climax and eventually lead to a happy ending form the largest and most entertaining part of the picture.
